

## SHORT STORIES

OF

## THE TOWN

## Ladies Will Meet.

The G. I. A. to the R. L. E. will hold a special meeting Thursday afternoon at 2 o'clock at K. P. hall. Members going to Oklahoma City are urged to be present.

## Visiting Father.

Lane Moore of Cement is in the city today visiting his father, Judge T. P. Moore. Mr. Moore states that everyone in his section of the city is still talking of the success of the big Grady county fair which closed a week ago.

## Wedded by Judge Davenport.

Shortly after 6 o'clock yesterday afternoon Horace H. Park of El Reno and Miss Ella Howard of Union City went to the residence of Judge Davenport in this city and were married, the judge officiating in his most impressive manner.

## Here From Ardmore.

Sam Noble of Ardmore, who owns several Grady county farms, is here looking after his interests. Mr. Noble left Ardmore only a few hours before the explosion of Monday afternoon which wrecked the business section of that city. He will leave for home this afternoon.

## Divorces and Marriage Licenses.

Reports from the court clerk's office show that the divorce mill and the marriage license bureau are running neck and neck in an effort for supremacy. Usually the records show a marriage license issued during the morning hours with a divorce suit filed with the coming of the afternoon.

## An Attractive Sign.

One of the most attractive signs in Chickasha is that of the Hunter Booterie. A large mirror reflects on the sidewalk in such a way as to give the passerby the full benefit of a first hand view of his pedal extremities while an invitation adorns the mirror's frame to all to stop and note the dilapidated condition of the scene in the mirror.

## Will Be Banqueted.

The delegation from Grady county to the meeting of the County Clerks' association in Oklahoma City, will probably participate as invited guests at the big banquet which will be tendered the members of the association at one of the leading hotels of the city tonight. The banquet will be marked with a surplussage, it has been stated, of hot birds, cold bottles and dry speeches.

## Death of an Infant.

Two days old, the infant of Mr. and Mrs. J. C. Ball died at their residence, 317 North Fifth street Monday night and the body was shipped to Hobart for interment Tuesday evening by Undertaker Hartz of the Schow Undertaking company. Mrs. W. M. Ball, a sister-in-law of the parents, accompanied the remains to Hobart. Within a few minutes of the time of the baby's death, Mrs. Ball received a telegram from her old home announcing the death of her mother, which had occurred at the same hour her baby died.

## Traffic Policemen—Maybe.

Now that Chickasha, feeling "chesty" over her recent holidays, burzlaries, raids of resorts and other metropolitan stunts, has begun a crusade against "jay" driving and may institute a campaign on the "jay" walkers, it is more than possible that at an early date, crossing or traffic officers may be put on several of the busy downtown corners. An ordinance covering jay walking, which may be introduced at the next meeting of the city council, will probably carry provisions for the appointment of such officers.

## Work Delayed by Weather.

Work upon the city hall is being delayed by the threatening condition of the weather. On account of the show-ers the city authorities having the repair work under their immediate supervision will not have any portion of the wrecked roof, the result of the fire of the 13th instant, removed for

the present. It will take several days after the burned portions of the roof have been removed to replace with new material. Pending the passing of the present weather inclemencies a make-shift roof has been thrown over the worst damaged parts of the old roof.

## \*\*\*\*\* NINNEKAH ITEMS. \*\*\*\*\*

Miss Emanuel is boarding with Mrs. Ed Morris, while Mrs. Thompson is away on her visit.

Room 5 will conduct chapel this Wednesday. We are expecting a splendid program.

do other men. Rome was the center of all learning and it meant much for a disciple of the Christ who had been rejected by his own people, the despised Jews, to proclaim in cultured Rome this Christ as the world's savior. Rome was the wickedest city upon the earth. One half the people were slaves and the slaves were despised. Labor was worth only fifteen cents a day, and these slaves were responsible for the lives of their masters. The morals of the city were the lowest. Woman had sunk to the lowest depths. Wives were spurned and courtesans honored in society. Divorce was at the pleasure of the husband. Paul was not ashamed to meet these conditions with the gospel of Christ, and to do it with the full confidence of victory. The speaker emphasized how the gospel was the power of God; power as great as that which made the infinite universe with its millions of worlds.

In closing the speaker defined the faith that secured the blessing of this powerful gospel.

Officers were elected as follows: Rev. J. J. Mitchell, moderator; J. E. Aeschbacher, scribe.

At the business meeting of this morning's session of the association, Mrs. Stella I. McCoy was granted a license to preach the gospel of Christ. The subject of this evening's sermon, to be delivered by Rev. C. M. Brooke, will be, "The Kingdom, the Outlook, the Opportunity."

## Asks Clerk Not to Grant Son License

That all fathers don't approve of the early marriage of their sons is evidenced by the following letter received by Court Clerk Newman this morning:

"Farmersville, Tex., Sept. 28.

"Court Clerk,

Chickasha, Okla.

"Dear Sir.—My son, Floyd Jackson Rickman is only seventeen years of age. I am expecting him to make application for marriage license and this notice is to warn you of his minority.

## Trend of Trading Yesterday.

Chicago, Sept. 28.—Wet weather that put a stop to threshing in the northwest had a good deal to do with bringing about an advance today in the wheat market here.

Assertions that threshing had come to a virtual standstill in the Dakotas and Minnesota gave the wheat bulls an advantage almost from the start.

The outlook was that because of delays by rain the receipts especially in Minneapolis, for the next few days would be much less plentiful than had been expected. As the movement of the winter crop continued to be disappointing and as cable advices proved adverse to the bears, quotations soon began to climb and at not time thereafter encountered any decided check.

Shorts were the chief buyers, but commission house purchasing was also noticeably on a broader scale.

## First Rush in Attack at an End

(Continued from Page One.)

to some extent their eastern battle front in order to reinforce those sections of the western line, which the allies are attacking with heavy guns, rapid fire and the bayonet.

The allied trenches in the Argonne are being violently bombarded by the guns of the German crown prince, but no attack by infantry has been attempted. Some of the first line trenches taken from the French by the Germans on this front Monday have been retaken by means of hand grenades.

Details from official sources of the heavy bombardment that preceded the allies' attack Saturday describe the German lines as smothered in dust under the hail of shells, their parapets melted away and the barbed wire entanglements disappeared. So thunderous was the onslaught that persons thirty or forty miles distant were awakened from their sleep. When

the French ceased their shelling of the trenches in Champagne and charged the German trenches, they found the Germans stupefied by the effects of the fire, gunners being mixed up with infantrymen, and all of them huddled around the field pieces.

JURORS RESPONDING.

Clerk Newman says that he has never known quicker or better returns to come in from jurors drawn for service than are the returns from the summons sent out a few days ago from his office by registered mail to those drawn for jury service at the regular October term of the district court. Of the forty summons registered out of the clerk's office, thirty-six responses have already been received.
